

Mastering Online Teaching

Mastering Online Teaching, Participation & Completion Badge

The Mastering Online Teaching course is a three week, fully online course that prepares participants to delivery course instruction in the online environment. Participants learn about the general requirements for teaching with the GSU Online Campus, planning a course using an instructional design framework, creating instructional content including writing measurable objectives, methods for communicating and engaging with online students, tools that can be used to create assessments, implementing different strategies to establish teacher presence, and effective ways to provide student support. The Mastering Online Teaching Participation Badge is awarded to those that satisfactorily complete the fully online Mastering Online Teaching course, with a grade of 80% or higher.
